MAKE AN ADDITIONAL DONATION TO THE COLONIAL PLANTATION

A working 18th century farm needs animals, and they should be appropriate for the time period. Over the years our cow population has declined to one, and our horses are at an age where they are too old to do farm work. With the restoration of the stable barn this year, a goal for 2010 is to create a permanent fund that not only provides for the food and care of the animals but also allows us to accumulate money with an eye to purchasing additional animals beginning in 2011. Please consider helping in this endeavor.
