

Colonial PA Plantation 2018 Fall Fundraiser Program/Ad Book

On Thursday evening, November 8, 2018, the Colonial Pennsylvania Plantation will hold its 12th Annual Fall Fundraiser. The Plantation is a living history farm of the 18th century located in Ridley Creek State Park. The Plantation has been an active member of the historic, cultural and educational community in the Delaware Valley for nearly 50 years.

Proceeds from the Fall Fundraiser are used to support our farm, its animals and our educational programs. We are a non-profit educational organization (501c3) operating since 1973 under a long-term lease agreement with the Pennsylvania Department of Conservation and Natural Resources. We do not receive operating funds from the State of Pennsylvania, but rather are supported through weekend admissions, group programming primarily for schools, grants, memberships and donations, plus special events such as our Fall Fundraiser.

Last year, nearly 12,000 visitors came to the Plantation, over 9,000 of those visitors took part in either our weekday programs for school children or enjoyed our week-long day camp sessions. In recent years we have worked with the Longwood Foundation and the Ethel Sergeant Clark Smith Foundation to provide children from disadvantaged communities with the opportunity to take part in our on-site education programs either free of charge or at a substantially reduced rate.

The support of businesses and individuals in the community is critical to making the Fall Fundraiser a financial success and providing the funds for us to continue bringing our unique unvarnished view of colonial America to you and your neighbors. Please consider supporting us and our mission by taking an ad in our Program/Ad Book or making a monetary donation. Details are provided on the following page.

Sincerely,

The CPP Fall Fundraiser Committee
Nancy Walls, Chairperson

Mission statement: The Colonial Pennsylvania Plantation is an authentic living history site with the purpose of enhancing understanding of 1760-90 farm life in Southeastern Pennsylvania by providing high quality, research based experiences to the public.
